Outstanding Financial Obligations

Be sure to clear all library, class dues, and other school obligations

A student who fails to make restitution as required shall be prohibited from participating in any athletic activity.

Conduct of Athletes

Student athletes should display high standards of conduct and citizenship, and comply with the Board of Education's Chapter 19 student misconduct code and all requirements of this Handbook.

Travel to Athletic Events

- All athletes must travel to and from athletic events in transportation provided by the athletic department, unless the student's parents or legal guardians make alternative arrangements that are approved by the coach.
- In cases where private vehicles are used, the vehicle driver, the vehicle's registered owner, student-passengers, and any other party shall release the state from all liability resulting from the use of the private vehicles.
- The DOE discourages the use of student drivers to transport other students. Parents or legal guardians are responsible for arranging the student athlete's transportation to and from the event when transportation is not provided by the school. If a student is transported in another student's private vehicle, the school will not assume any liability resulting from such transportation.

Requirements for Participation

- **HIDOE Sports Physical Examination**
- **Concussion Management Program**
- **Parental/Guardian Consent, Release, and Assumption of Risk Form**

In addition to these forms, each athlete must complete and submit:

- **Student Publication/Audio/Video Release Form**

Concussion Management Program

Return to Activity Plan (RAP):

Step 1. Complete cognitive rest. This may include staying home from school or limiting school hours and study for several days which would be determined by a physician and AHCT, and supported by school administration.

Activities requiring concentration and attention may worsen symptoms and delay recovery.

Step 2. Return to school full time.

Steps 3-7. Will be supervised by the high school AHCT and is subject to clearance by the treating physician. These steps cannot begin until cleared by the treating physician for further activity.

(Each STEP is separated by a minimum of at least 24 hours.)

Step 3. Light exercise. Walking or riding a stationary bike

Step 4. Running in the gym or on the field.

Step 5. Non-contact training drills in full equipment. Weight training can begin

Step 6. Full contact activity

Step 7. Full game/practice

Athletic Injury Protocol

Should a student-athlete sustain an injury during practice the coach is responsible for contacting the athletic health care trainers.

In the event of a head injury or severe injury/illness a parent/legal guardian will be contacted immediately for further action.

Anytime a student-athlete is injured/ill and sees a doctor, a doctor's note of clearance for the specific injury/illness and status is required to return to play.

The Athletic Health Care Trainer(s) have the final say on RTP.

Title IX Information

As you may have heard, there was a claim that Campbell had treated girls sports unequally to boys sports. The issue arose several years ago, but the legal process takes time.

Campbell Athletics has been taking steps for several years to make sure that its athletic program is equitable for all students.

One result of the legal process is that an independent evaluator has been assigned to Campbell to monitor how we are doing with regard to gender equity in athletics.

If you have any concerns regarding equity in athletics, please access and submit your concerns using our Campbell High School Athletics Gender Equity Complaint Reporting Form available on our website campbellhighschoolathletics.org
